

# The International Grenfell Association

SIR WILFRED GRENFELL, K.C.M.G. M.D., FOUNDER

## I.G.A. BURSARY PROGRAM

As of 2013, the IGA no longer awards renewable Scholarships, but focuses solely on Bursaries, which may or may not be renewable year on year.

All awards are now referred to as IGA Bursaries, which ultimately should provide more flexibility in the awarding of funding to students from within the IGA service area.

### TERMS OF REFERENCE

The following IGA Bursaries (supported by annual grants) will henceforth be awarded annually and are available to students resident in the region served by the International Grenfell Association:

**Bursaries are to be awarded primarily dependent on need**, to deserving students accepted or continuing in a post-secondary educational institution, as follows:

- i) A number of \$6000 Bursaries.
- ii) One \$4000 Special Bursary, for a student who has been out of full-time schooling for at least five years, and is returning to full-time post-secondary studies.
- iii) A number of \$3000 Bursaries.

Post-secondary applicants need to take at least five courses in each academic term to be considered for an IGA Bursary.

#### 1. a) **Criteria for High School Students**

Awards will be made to those students who, during their high school program, demonstrate academic ability, industry, and promise, and who have achieved high academic average results in any seven Level III courses which he/she undertakes. In determining academic ability, the previous year's final exam results and the current mid-year exam results will be considered.

In addition to academic criteria, financial need will be the primary factor taken into consideration in the determination of an award.

Application forms and information concerning these awards are available from high school principals. They must be completed by the student and returned to the principal on or before February 15th. Principals then send all required documentation to their respective Board offices, for distribution to the IGA prior to February 28<sup>th</sup>.

Successful applicants will be notified on or before June 30th. Those selected must complete Level III examinations, achieving grades consistent with previous attainment, and be eligible for entrance to university or a post-secondary institution (depending on the Bursary being awarded).

Successful applicants must undertake a full course load in their post-secondary studies, normally a minimum of five courses per semester.

**b) Criteria for University/College Students**

Awards will be made to those students who, during their university or college program have demonstrated academic ability, industry and promise and who are undertaking a full course load (normally five courses per semester).

In determining academic ability, the current fall semester and winter semester record will be considered.

In addition to academic criteria, financial need will be considered as the primary factor in determining awards.

Application forms and information concerning these awards are available from the I.G.A., from the website at:

[www.grenfellassociation.org](http://www.grenfellassociation.org)

**OR CONTACT:  
Mr. Paul Canning  
IGA Administrator  
81 Kenmount Road, 2<sup>nd</sup> Floor  
St. John's, NL A1B 3P8  
Phone: (709) 745-6162 E-mail: [iga@nfld.net](mailto:iga@nfld.net)**

The application for those students already attending a post-secondary institution must be completed by the student and returned to the IGA office on or before April 1st.

Applicants will be notified on or before June 30<sup>th</sup>, as to the outcome of their application.
